

## **WARRANTY**

### **Is there a warranty on your cabinets?**

All our cabinetry is crafted with high-quality, salon-grade materials and comes with a 1 year limited commercial warranty period covering only manufacturing defects in materials and workmanship.

Please note:

- Our warranty does not cover damage caused by misuse, improper installation, or normal wear and tear.
- Exposure to harsh chemicals, hair dyes, or standing water/moisture can cause staining or damage over time and is not covered under warranty. Please follow the Care & Maintenance guide.
- Slight variations in color or finish are a normal part of the manufacturing process and do not qualify as defects.

## **CARE & MAINTENANCE**

To preserve the quality and longevity of your cabinetry:

- Clean surfaces regularly with a damp (not wet), non-abrasive cloth and mild soap. Avoid intense scrubbing; even a soft material cloth can alter the surface finish of the laminate creating polish areas.
- Avoid harsh cleaners, abrasive pads, or prolonged contact with water and chemical spills.
- While our laminates are stain-resistant, no surface is completely impervious to chemical staining from hair dye or salon-grade products. Always wipe spills immediately and use protective trays/mats in high-risk areas.
- We are aware that some salons use hair bleach to remove stains from surfaces. We strongly advise against using hair bleach or similar harsh chemicals to clean our cabinetry. While it may appear effective in the short term, repeated use can degrade and discolor the finish over time.
- Failure to follow care & maintenance recommendations may result in damage that is not covered under warranty.
